

VENDED LAUNDRY T-120 EXPRESS DRYER

T-120 EXPRESS DRYER

Dexter C-Series Dryer

Vended laundry solutions you can depend on.

Dexter C-Series vended dryers are engineered to show up for work in even the harshest laundry environments. Featuring upgraded controls and high quality materials, these fast and efficient dryers are designed to help make you more successful.

A store full of laundry equipment is a big investment and choosing the right equipment is an important decision. Our products will provide you the efficiency, flexibility, performance, and durability you need to be confident in your choice. With lifetime technical support and an industry leading 5-year limited warranty, you can be confident that we will stand behind every dryer you invest in.

Contact your Dexter Authorized Distributor today for more details.

EFFICIENT:

A reversing tumbler feature helps to reduce roping in large loads which in turn significantly decreases dry time.

The anti-wrinkle feature offers an intermittent tumble to keep laundry wrinkle free.

DURABLE:

With heavy-duty bearings in a cast iron bearing housing and a fully welded and painted cabinet, Dexter dryers are built to last.

Welded steel spider assemblies support the tumbler from the rear and eliminate the need for front support rollers.

The polished chrome or stainless steel doors and high-quality stainless steel panels keep dryers looking great year after year.

The screw resistant tumbler hole pattern minimizes tumbler damage.

RELIABLE:

Our industry leading 5-year warranty covers the trunnion, bearings, and bearing housing.

A 3-year parts warranty covers the rest.

We stand behind every machine you invest in with lifetime technical support.

PROFITABLE:

Every Dexter machine is now easier to use with a common user interface on all products, multiple language options, and detailed customer prompts.

C-Series controls work with DexterLive.com to allow you to create custom programs that fit your business.

A variety of PLUS cycle features and promotion options will help you maximize revenue generation.

INSTALLATION:

The top panels and burner housing can be removed and reassembled for installations with low clearance.

To allow for easy installation this model can use both 10" and 12" exhaust ducts.

The hinged lower service door makes cleaning the lint screen quick and easy.

OPTIONS:

This dryer is a reversing model.

Available with blue or black graphics, chrome or stainless steel doors, white or stainless steel panels and galvanized tumblers.

Your dryers can be shipped with coin acceptors or payment system ready.

Gas models, with propane kits available.

Dexter C-Series dryers are available in 30lb, 50lb, 80lb and 120lb capacities.
